MOBILITAS opens facilities in Bahrain and Oman under flagship brand AGS

11 September 2023 - The MOBILITAS Group, which specialises in global mobility, physical and digital records management, and heritage conservation, has opened two new branches in Bahrain and Oman under its flagship brand AGS. The move serves to fortify the French-owned group's presence in the Middle East.

"We are excited to enter these two vibrant Gulf markets at once," commented Cédric Castro, CEO of the MOBILITAS Group. "Our expanded presence in the region forms part of our strategy to better cater to our clients' needs in the Middle East."

While AGS Bahrain is a fully owned MOBILITAS subsidiary, AGS Oman is a joint venture with Omani-owned Allied Logistics, a leader in that country's international moving sector. Allied Logistics will be fully integrated into the MOBILITAS network as AGS Oman but will continue to serve its significant client base under the leadership of Managing Director Marcus Maguire.

"I am thrilled that Allied Logistics LLC has combined forces with MOBILITAS," Maguire commented. "This partnership represents a significant step forward in our expansion, and I am confident that it will greatly benefit both our organisations. By combining resources and expertise, we are creating a strong and dynamic alliance that will deliver exceptional value to our customers."

Together with AGS Saudi Arabia, which is scheduled to open its doors later this year, the new branches in Bahrain and Oman allow the MOBILITAS Group to serve clients across the Gulf States.

Established in 2011, AGS Dubai was the Group's first subsidiary in the region, followed shortly by Abu Dhabi and Qatar. The group's expansion into Bahrain and Oman brings the number of AGS branches in the region to five and to 146 worldwide.

About the MOBILITAS Group

Founded in 1974, the MOBILITAS Group is a French, family-owned mid-sized company that specialises in international removals and relocation, physical and digital records management, and heritage conservation. An international network of more than 4 500 employees in 99 countries allows MOBILITAS to offer unparalleled customer service in each of these core businesses. Led by the third generation of Taïeb and Castro families, the group philosophy and culture are firmly rooted in long-term thinking. This future-oriented mindset guides all major business and investment decisions, taking the MOBILITAS Group towards new ways of working, new businesses, and new horizons.
